

275 VOC CLEAR PRE-CATALYZED LACQUER

DuraCat™ 275 Water-Clear PreCat Lacquer Sanding Sealer

Product #: 651825	
273 g/l VOC	Excellent water and chemical resistance
0.001 # HAP/ # solids	Excellent flow and leveling
22.1% Solids/wt	Improves flexibility
Non-Yellowing	Sanding not necessary before topcoating

DuraCat™ 275 Water-Clear Pre-Catalyzed Lacquer

Product #: 651885	
274 g/l VOC	Excellent flow and leveling
0.038 # HAP/ # solids	Exceptional abrasion resistance
23.7-25.0% Solids/wt	Non-Yellowing

275 VOC OPAQUE (PIGMENTED) WHITE
PRE-CATALYZED LACQUER

ChromaCat™ 275 Opaque PreCat Lacquer Sanding Sealer - White

Product #: 652054	
274 g/l VOC	Excellent sandability
0.0034 # HAP/ # solids	Excellent hide
38.9% Solids/wt	High solids
Fast Dry	Good build with thin coats

ChromaCat™ 275 Opaque Pre-Catalyzed Lacquer

Product #: 652055	
273 g/l VOC	Non-yellowing
0.018 # HAP/ # solids	Tough, flexible finish
39.6-40.5% Solids/wt	Excellent moisture resistance
Max tint load 8 oz/gal	Superior flow, leveling and sandability

COLORTOOLS™
LOW VOC SOLVENT BASE STAINS

Spray Stain

Colortools™ Low VOC Low HAPs Spray Stain Clear Base

Product #: 363000	
< 120 g/l VOC	Good clarity
< 0.8 # HAP/ # solids	10 Min. dry to seal
Can add to lacquer	
Tint with ColorTools™ Colorants & LVOC Dyes	
6 oz/gal max colorant - Max total colorant & dye 16 oz/gal	

Wiping Stain

Colortools™ 240 Wiping Stain Clear Base

Product #: 307201	
< 240 g/l VOC	10 Min. open time
0.00 # HAP/ # solids	60 Min. dry to seal
For dark colors use Water Base Spray Stain as a base toner	
Tint with ColorTools Colorants & LVOC Dyes	
Max tint load 16 oz/gal	

275 VOC CLEAR CONVERSION VARNISH

CrystalVar™ 275 Water-Clear Conversion Varnish Sanding Sealer

Product #: 310607	
234 g/l VOC (catalyzed)	Non-Yellowing
0.020 # HAP/ # solids	Tough durable sealer
42.1% Solids/wt	Excellent Water & chemical resistance
10 hour pot life	Catalyze with 03-143 catalyst @ 6 fluid oz/gal

CrystalVar™ 275 Water-Clear Conversion Varnish

Product #: 310610	
237 g/l VOC (catalyzed)	Non-Yellowing
0.02 # HAP/ # solids	Excellent Water & chemical resistance
41.4-44.5% Solids/wt	Excellent flow out & leveling
10 hour pot life	Exceptional abrasion resistance
Catalyze with 03-143 catalyst @ 6 fluid oz/gal	

275 VOC OPAQUE (PIGMENTED) WHITE
CONVERSION VARNISH

MiraVar™ 275 Opaque Conversion Varnish Sanding Sealer - White

Product #: 310668	
223 g/l VOC (catalyzed)	Excellent build
0.015 # HAP/ # solids	Fast easy sanding
55.7% Solids/wt	Great for MDF
8 Hour pot life	Catalyze with 03-143 catalyst @ 4 fluid oz/gal

MiraVar™ 275 Opaque Conversion Varnish - White

Product #: 310601	
274 g/l VOC (catalyzed)	Non-yellowing
0.022 # HAP/ # solids	Exceptional abrasion resistance
48.7-52.1% Solids/wt	Excellent water & chemical resistance
8 Hour pot life	Catalyze with 03-143 catalyst @ 6 fluid oz/gal
Max tint load 8 oz/gal	Tint with Colortools™ Color Concentrates

CLEAR WATER BASE

Universal Hi-Build™ Water Base Clear Undercoater

Product #: 280189	
98 g/l VOC	Non-Yellowing
0.001 # HAP/ # solids	Exceptional adhesion
40.7% Solids/wt	Easy sand
Fast dry	
Compatible with most water and solvent base topcoats	

NuWave™ Water Base Clear Lacquer

Product #: 280103	
262 g/l VOC	Non-Yellowing
0.0055 # HAP/ # solids	Exceptional adhesion
29.7-33.3% Solids/wt	Easy to use

DuraWave™ Water Base Clear 1K/2K Polyurethane

Product #: 280300	
233 g/l VOC	Non-yellowing
0.038 # HAP/ # solids	Fast dry
31.4-33.2% Solids/wt	Can be catalyzed for superior chemical resistance
High solids	Isocyanate/Aziridine-Free catalyst

OPAQUE (PIGMENTED) WHITE WATER BASE

Universal Hi-Build™ Water Base Opaque Undercoater - White

Product #: 280187	
77 g/l VOC	Non-yellowing
0.000 # HAP/ # solids	Exceptional adhesion
54.8% Solids/wt	Excellent Tannin blocking properties
Very low odor	High solids
Compatible with most water and solvent base topcoats	

Universal Hi-Build™ Water Base Undercoater Neutral Base

Product #: 280188	
78 g/l VOC	Non-yellowing
0.000 # HAP/ # solids	Neutral base to achieve deep tone colors
58.5% Solids/wt	Good Tannin blocking properties
Very low odor	High solids
Compatible with most water and solvent base topcoats	

NuWave™ Opaque Water Base Lacquer White

Product #: 280190	
154 g/l VOC	Non-yellowing
.0030 # HAP/ # solids	Exceptional adhesion
38.2-53.0% Solids/wt	Excellent vertical hang
Fast dry	High solids
	Max tint load 8 oz/gal

NuWave™ Opaque Water Base Lacquer Deep Base

Product #: 280180	
260 g/l VOC	Achieve beautiful deep tone colors
0.0050 # HAP/ # solids	Very low odor
30.9-33.3% Solids/wt	Exceptional adhesion
	Max tint load 8 oz/gal

DuraWave™ Water Base Opaque 1K/2K Polyurethane - White

Product #: 280250	
272 g/l VOC	Non-yellowing
0.026 # HAP/ # solids	Fast dry
38.0-39.6% Solids/wt	Can be catalyzed for superior chemical resistance
High solids	Isocyanate/Aziridine-Free catalyst

EXTERIOR WATER BASE FINISH

Professional quality single-component finish ideal for exterior doors and trim with moderate, indirect exposure.

280183 ProWave Exterior Water Base Clear

89.3-91.7 g/l VOC	Self-seal
0.013-.014 # HAP/ # solids	Non-Yellowing
39.7-41.8% Solids/wt	Excellent flexibility
High solids	Exceptional moisture resistance
Easy to use	
UV absorbers to help preserve original appearance, gloss, and physical integrity of the coating	

280186 ProWave Exterior Water Base Opaque - White

76.0-78.4 g/l VOC	Self-seal
0.004# HAP/ # solids	Non-Yellowing
45.8-47.2% Solids/wt	Excellent flexibility
High solids	Exceptional moisture resistance
Easy to use	

COLORTOOLS™
WATER BASE STAINS AND GLAZES

Spray Stain

Colortools™ Water Base Spray Stain Clear Base

Product #: 250425	
212 g/l VOC	30-45 Min. dry to seal
0.005 # HAP/ # solids	10 Min. open time
Tint with ColorTools™ Water Base Colorants & Dyes	
Max tint load 16 oz/gal	
Tip: Dyes will produce less blotching than colorant.	

Wiping Stains

Colortools™ Water Base Wiping Stain Clear Base

Product #: 230550	
7.3 g/l VOC	5 Min. open time
0 # HAP/ # solids	2-3 hours dry time
Tint with ColorTools™ Water Base Colorants & Dyes	
Max tint load 16 oz/gal	
Do not use under solvent base finishes	

Colortools™ Water Base Glaze

Product #: 240204	
240 g/l VOC	5 Min. open time
0.25 # HAP/ # solids	2+ hours dry to seal
Max tint load 10 oz/gal	
Tint with ColorTools™ or 896 Water Base Colorants	
The longer the dry time of sealer, the better the wipability	
Use over clear topcoat to minimize color bite	
Can be used with solvent base finishes
